About Universal.one™

Universal.one™ is a digital health solution company comprised of leading technology specialists throughout Silicon Valley. With access to an international team of doctors and healthcare experts, **Universal.one™** does whatever it takes to solve real-world healthcare problems. The innovation center is in San Francisco, California with offices in Research Triangle Park, North Carolina.

Universal.one™ is backed by The Universal Healthcare Group, which touches over 10 million people worldwide. Headquartered in Johannesburg, South Africa, the group leads in integrated healthcare and pharmaceutical benefit management, corporate wellness, 3rd party administration, and digital health solutions. The group has provided healthcare services for more than 75 years.
